SUMMARY: A dedicated Frontend Developer who started the coding journey with **Python**, gaining a strong foundation in logic and problem-solving. Currently specializing in building modern, responsive, and user-friendly web interfaces using HTML, CSS, and JavaScript. Actively learning and implementing React.js in projects.

SKILLS:

- **Languages:** JavaScript (ES6+), Python
- **Frontend:** React.js, HTML5, CSS3, Responsive Design
- **Tools:** Git, GitHub, Vercel

PROJECTS:

- **Personal Portfolio:** A fully responsive website built with HTML, CSS, and JavaScript.
- **Calculator App:** Functional web-based calculator with a clean UI.
- **Modern Login Page:** Professional user authentication interface design.
- **Rock-Paper-Scissors:** Interactive game demonstrating DOM manipulation and logic.
- And many more….

Language: Uzbek (Native)

I am eager to contribute my skills to a dynamic team and continue growing as a developer. References are available upon request.
